

Macarthur Clinical Library
Campbelltown, Camden & QVM Hospitals

JOURNAL ALERT SERVICE

How it works??

- ✓ The Staff Member ticks the journals he/she would like to have sent to them through the internal mail. Send this form back to the library by email or fax.
- ✓ Contents Pages of your selected journals will be sent to you as they become available. You may then request an article by using the **Interactive Journal Request Form** on the Library's Intranet/Internet page. **You will require a library card so contact the library on 4634-3944 for a registration form.**
- ✓ Staff can then request up to 5 articles by completing a Journal Request Form for each article.

If you would like to take advantage of this service to improve your knowledge and professional development, please look at the following list of print journals available from the library & tick the ones you would like to review.

Please complete the information section below as the Library has established a database for this service.

Return completed form via email to the library & you will automatically start receive Journal Alerts every month as they become available.

PLEASE PRINT CLEARLY
