Introduction

Welcome to the program of SWAN VIII which aims to share with you some of the icons and world leaders in trauma care. The focus of this year's meeting will be on:

- Quality Trauma Care
- Monitoring in Trauma from Prehospital through to Definitive Care
- Penetrating Trauma
- Case Scenarios
- Priorities and Challenges
- New Concepts in Trauma

SWAN VIII will provide an effervescent mixture of discussion, didaction, interaction and entertainment over the 2 day meeting.

Who should attend? The meeting is as always multidisciplinary. It will be of benefit to prehospital personnel, military personnel, nurses, allied health, medical providers of trauma care.

WARNING!!

***Unfortunately, the registration numbers are limited -
So please book early to avoid disappointment.***

Educational Objectives

Upon completion of SWAN VIII, participants should have:

- * An understanding of monitoring in trauma
- * Management of penetrating trauma
- * Prioritisation in trauma care
- * New concepts in trauma care
- * Be clear about procrastination!
