Introduction

It is with great pleasure that the Trauma Department at Liverpool Hospital welcomes you to the SWAN XI Trauma Meeting on 1st & 2nd August 2003.

We are privileged to share with you a feast of national and international experts in trauma care. SWAN XI promises to be one of our most exciting meetings so far.

The meeting will focus on topical areas in trauma dealing with:

- ◆ Terrorism and Trauma
- ◆ Risk Management
- ◆ Vascular Trauma
- ◆ Case Scenarios
- ◆ Communication
- ◆ Changing Face of Trauma Care Delivery

In addition the Third Maria Seger Memorial Lecture will be delivered by Mr. Lee Turner.

I would like to extend an invitation to submit papers for poster or oral presentation before the deadline of 31st May, 2003. The winning paper will receive the David Sloane Memorial Prize.

I hope that you and your colleagues can join us for our Traumafest at SWAN XI. Unfortunately registration is limited.

The meeting will be multi-disciplinary as usual, and is suitable for all those wishing to improve their delivery of trauma care, particularly pre-hospital care providers, nurses, allied health professionals, surgeons intensivists and anaesthetists.

Michael Sugrue

Director of Trauma Services, Liverpool Hospital

Educational Objectives

At the end of the meeting you should have a clearer understanding of key issues in:

- ◆ Medical Management of injuries associated with terrorism
- ◆ Risk Management and medicolegal implications in trauma
- ◆ Challenges in vascular trauma
- ◆ Communication in all key phases of trauma
- ◆ Problems with evolving trauma care
